 This authorisation of retrieval shall not be granted.

35 In case of a **factual or temporary restriction of the authorisation and** the retrieval allowance
36 cannot be restricted due to technical reasons, data retrieval is excluded (in so far as the retrieval
37 allowance is not subsequently extended).

42 _____
43 Place, Date Signature of the principal ¹³

- 1 In case of married couples or civil partnerships, two copies of the powers of attorney must be filled out and signed.
- 2 In case of corporations, estates and partnerships/associations, the currently valid tax number must be stated in the supplement to the power of attorney and in the data set to be transmitted to the tax authorities until the W-I dNr. is issued (cf. footnote 3). In this case, it is not necessary to specify a tax number in the power of attorney itself (exception: the power of attorney is to be submitted to the tax office in paper form).
- 3 The tax number(s) of the principal(s) must be entered in the supplement to the power of attorney and in the power of attorney database. In the power of attorney itself it is not necessary to specify a tax number at this point. (exception: the power of attorney is to be submitted to the tax office in paper form)
- 4 This power of attorney regulates the external relationship with the tax authorities and applies to the contractual relationship between the authorized representative(s) and the client, unless otherwise stipulated.
- 5 Person or company authorised to provide unrestricted assistance in tax matters acc. § 3 StBerG.
- 6 The power of attorney includes in particular the authorisation
to file and receive declarations of any kind,

to file and withdraw any out-of-court appeal and to waive any right to appeal,
to extrajudicial negotiations of any kind.
- The authorisation to receive tax assessments and other administrative acts in the tax debt obligation is generally given only if the principal has authorized this particularly (reference to § 122 Abs. 1 Satz 3 AO).
- 7 Factual and/or temporary limitations on the power of attorney relating lines 15 and 21 to 28 also apply to the power of attorney of disclosure.
- 8 If a general extension of the filing deadlines is to be used for a future assessment period/deadline, this is only possible if a person authorised to provide assistance in tax matters (§§ 3, 4 StBerG) is again commissioned (and, if necessary, authorised).
- 9 A revocation of the power of attorney granted only becomes effective to the tax authority once it is received by it (cf. § 80 Abs. 1 Satz 4 AO).
- 10 The expiry of powers of attorney which have not been transmitted electronically via the officially specified interfaces in accordance with the officially specified form using the officially specified data record must be notified separately. Deviating from this, previously granted powers of attorney of disclosure shall expire in any case upon notification of a new power of attorney of disclosure.
- 11 Due to technical limitations in relation to the authorisation of retrieval in case of factual and /or temporary authorisation, refer to lines 35 - 39.
- 12 An exclusion of the authorisation in line 15 for representation
in fiscal court proceedings and
in criminal and administrative penalty proceedings in tax matters
is irrelevant for the scope of the data retrieval authorisation of the authorised representative(s).
Entries in lines 35 - 39 are not required in this case.
- 13 In case of corporations, estates and partnerships/associations, the power of attorney must be signed by the legal representative.
